Mrs. Lease has moved her home from Kansas to Oregon.

The tenth cavalry, one of the regiments engaged in the fight at Sevilla, is made up of colored men.

The United States navy now consists of about 115 vessels, exclusive of 31 vessels on the North Atlantic coast.

Paymasters for the army arrived at Chickamauga this week with about \$2,000,000 to pay the soldiers in camp.

The weather is now so warm in Cuba that many of the soldiers feel overburdened with no uniform on but a cartridge belt and a hat.

Congressman Sayers, of Texas, like Congressman McMillin, of Tennessee, is to be given the honor of a unanimous nomination for Governor, by the Democracy of his State.

Gen. Brooke will probably be in command of the next army corps of 27 regiments to leave Chickamauga, leaving Gen. Wade in command at Camp Thomas.

A United States registered letter and money order post-office has been opened at Baiquiri, Cuba, by L. Kempner, of the New York post-office.

Another new submarine boat, the Raddiez, has been given a successful trial at Milwaukee. These vessels are destined to become a factor in naval warfare in the very near future.

More than 50 Americans have already lost their lives in the war with Spain. Gustav Weinecke, who fell overboard from the New York and was drowned, was one of the latest.

Three Cubans killed themselves eating the first time they were fed by the Americans at Santiago. By-the-way, what has become of all the Cubans who were starving last April? Has their condition been improved any by the blockade of Havana?

The Irvine rifles, commanded by Capt. Parks, have been turned down and refused admittance to Col. Colson's regiment because the company declined to accept Ethelbert Scott, nephew of the Governor, as first lieutenant.

Gen. Merritt, the prospective Governor General of the Philippines, left Wednesday for Manila, just sixty days after Dewey blazed the way for him with his great victory of May 1. These sixty days have brought about serious complications and it now seems probable that the situation in the Philippines is about to become complicated, and it is much to be regretted that the American Government did not hurry forward 1,500 men to enable Admiral Dewey to take and hold Manila, and plant the American flag firmly on the citadel a month or more ago. Possession is nine points of the law—vide Egypt—and interference which would have been almost impossible were the American flag flying over Manila, becomes comparatively easy while the city is still under Spanish rule. We are threatened with various complications. First, the rebels, influenced by foreign counsels or inflated by their surprising success under arms, have changed their tone and now want complete independence. Aguinaldo already has issued a circular saying: "It is probable that I (he) will invite the European Powers to recognize and guarantee the complete independence of the Philippines." The German policy is reputed to be one not of friendliness to Spain, but one the aim of which is to alienate the natives from the Americans. The Germans are said to be arming the natives. The bargain being that they shall demand their complete independence under a European guarantee and grant leave to the Germans to land their marines, the move of course being hostile to the Americans. Gen. Merritt will doubtless find plenty of work to do when he arrives there late in July.

PRESS BOYS.

Will Gather at Cincinnati To-day for the Annual Outing.

The Kentucky Press Association will meet at the Palace Hotel, Cincinnati, O., to-morrow and on Saturday morning at 4 o'clock will leave Cincinnati for Mackinac Island via Toledo, Detroit and Walkerville, Canada. The business meeting will be held at Cincinnati and on the steamer en route.

The fun will begin at Cincinnati on Friday at 3:30 o'clock, when the Citizens G. A. R. Encampment Committee, headed by Col. W. B. Melish, will take the editors for a ride, which will end at the Zoological Garden, where there will be served light refreshments and soft drinks. At night the party will visit the Lagoon.

The Cincinnati, Hamilton and Dayton railroad will be the route taken to Toledo, and Col. Nichols and Maj. Cowan, of that road, have provided splendid accommodations. At Toledo there will be one of the Detroit and Cleveland Navigation Company's palatial steamers waiting for the Kentuckians, and, as soon as the transfer is made from the train, the steamer will sail for Detroit, where a stop of eight hours will be made. Here the Hiram Walker & Son's Company will meet the party, and an invasion of Canada will follow. Walkerville will be turned over to the Kentuckians and a thorough inspection of the great Canadian establishment will be made. A trolley ride in Detroit will end the stay at this point and at 11 p. m. Saturday the steamer leaves for Mackinac Island, arriving there at 8 a. m. Monday, July 4. The entire party will remain at Grand Hotel for two days, and here the literary part of the programme will be carried out.

Wednesday morning the start for home will be made, and the trip will end at Cincinnati Thursday, July 7, at 7 p. m.

The attendance will be exceedingly large, as about 300 will gather at Cincinnati, and of these about 200 will make the entire journey.

None of the Hopkinsville papers will be represented.

Holiness Camp Meeting.

A camp meeting will begin at Carvaco, between Elkton and Guthrie, on the railroad, July 22, to be conducted by Dr. B. Caradine. It will continue at least ten days.

In the July issue of "Table Talk" the tastes and interests of the housekeeper, the home-maker and the hostess, will find much to assist them. The menus, table decorations and many of the recipes are fresh and new, while others, given in reply to inquiries received, must meet the needs of more than the inquirers, because so practical. Altogether the little magazine is of much aid and value to women who desire to keep up with the household interests and improvements of the day.

The dispatches tell us that Gen. Shafter went ashore one day this week and held a council of war. The delay of a week in landing the 314-pound general was probably due to the loss of the principal lighter used in getting the heavy weights ashore. In the absence of a lighter they may have constructed a derrick.

The Press Association will be met at Cincinnati to-morrow by a man named Walker and taken on a visit to the town of Walkerville. It is to be hoped that the boys are not being "hardened," to use a military term, for the return trip home.

Gov. Bradley has appointed Sam Morrow, a son of brother-in-law T. S. Morrow, and W. H. Collier, a son of Adjutant General D. R. Collier, to be majors of the Fourth regiment.

Every gambling house in Nashville has been forced to close its doors by Chief of Police Sidebottom, who was given the alternative of closing them or losing his official head.

CONFEDERATE REUNION.

A great Time Promised at Atlanta Next Month.

Atlanta, Ga., June 30.—Atlanta is preparing to do honor to old Kentucky in the most elaborate style at the coming grand reunion of the United Confederate Veterans, which will be held here on the 20th, 21st, 22d, and 23d, of next month.

She has selected a room on the ground floor of the magnificent new Austell building, on Forsythe street, to be headquarters for Kentucky veterans, and this is indeed a marked compliment to our State.

The grand reunion will be held at the Exposition grounds, the Confederate Tabernacle, where the great convention and musical festivities will be held, being what once was agricultural building. This has been equipped with 10,400 seats, while the speakers' stand is opposite the middle, on the west side, behind which are seats for 500 distinguished guests. Women's building will be used by the Sons of Confederate Veterans, as headquarters; Costa Rica building will be the Mecca of the Daughters of the Confederacy; the Government building will be the Confederate hotel, where all veterans who desire will be entertained free, and it is good enough for Kings. Pennsylvania building will be general headquarters of the reunion; the small auditorium and Georgia buildings will be headquarters for several States of the late Confederacy; while Transportation and Electric buildings will be filled with cots upon which 8,000 old war-scarred heroes can sleep if they so desire.

The Election Boards.

Secretary Chenault, of the State Board of Election Commissioners, has sent the following letters to the county committees of all political parties in the State.

June 27, 1898.—Gentlemen: Your committee is excepted to meet and pass resolutions indorsing three persons to serve as Commissioners of Election of the County Board of Election Commissioners for your county—under the new election law. It is the policy of the State Board to give all political parties representation on the boards, but you are requested to indorse none but men of high moral character—men of integrity and fairness. You will please file copy of resolutions with me before 10th of July, 1898, giving the postoffice address of the parties indorsed, together with their political party affiliations, if any. I am very truly,

C. P. CHENAULT, Sec'y.

At a recent meeting of the Democratic Committee in this county, the committee endorsed and recommended three Democrats for appointment, Messrs. J. D. Ware, J. B. Walker and J. G. Childress.

Charley Fincher, aged thirteen years, shot and instantly killed a companion named Otto Covey, a boy eleven years old at Mayfield. The two were at home alone playing "burglar." Fincher had a 32 calibre bull dog revolver. He was supposed to be the owner of the place and was armed to protect it from burglars. Covey played the role of burglar and was crawling into the house on his hands and knees in his childish innocence, when his companion pulled the trigger of the weapon he held in his hand. The ball entered the Covey boy's heart, killing him instantly.—Calloway Times.

The Leaf-Chronicle was presented this morning with a cigar over thirty years old. It was from a box in the possession of Mr. Matt Dunlop which was the property of his father. The latter had them ten years prior to his death. At that time he quit smoking, and this box was a choice assortment that he had left over. The cigar despite its great age, was in fine shape and smoked all right. Its shape differs materially from cigars of to-day.—Clarksville-Leaf Chronical.

Long Telegraph Circuit.

The most widely separated points between which a telegram can be sent are British Columbia and New Zealand. The telegram would cross North America, Newfoundland, the Atlantic, Britain, Germany, Russia (European and Asiatic), China, Japan, Java and Australia. It would make nearly a circuit of the globe and would travel over 20,000 miles in doing so.

THE LAST ROUND!

The immense stock of clothing, shoes and furnishing goods, is fast disappearing at the Mammoth Clothing & Shoe Co.'s store. Yet we have some elegant goods to sacrifice. Here are a few things that are attracting attention. Bargains that are leaving our house every day.
